

**MAKING AN IMPACT  
PROJECT BY PROJECT**

**AmeriSus**  
**Social Impact Income Fund**  
**12th Round**

The AmeriSus Social Impact Income Fund is the only Social Impact vehicle specifically dedicated to the creation of affordable eco-homes. The process is straight-forward where participants purchase Certificates of Participation (COP's) and AmeriSus immediately purchases them back at a premium with payment in 366 days.

Round 12 will have a 10% premium so that COP's purchased at \$1,000 each will be bought back at \$1,100.

Monies for Round 12 will be used to fund soft costs for a mix of projects where AmeriSus has the supply contract, the builder and homeowner are identified and there exists a solid exit for the builder ensuring payment to all involved. The SIIF position is superior to others.

As with all previous rounds participation is simple. Complete the SIIF Agreement form adding your name, address and participation level. Send the completed form by mail to the address below and AmeriSus will sign the Agreement, affix Company seal and return the Agreement via First Class Mail.

The Agreement becomes valid ONLY when payment is received in full and available to Seller in Seller's account. If funds are not received in full the Agreement is not valid.

Follow this [link](#) to our SIIF Agreement Form and as always, the process is simple and un-hackable with no fees, commissions or taxes all completed without SS#'s or 1099's.

Easy print & fold envelope can be downloaded [here](#).
